

Temple Health Community Connect

Temple Center for Population Health is pleased to announce a new service available to the members of United Steel Workers 286, free of charge.

Temple Health Community Connect is an online tool that connects people to free or reduced cost social programs and services right in their community. This service is completely free and easy to use.

When you direct your members to **TempleHealthCommunityConnect.org**, they can simply enter their zip code and find programs and services in their specific area that provide assistance with vital needs including:

- **Housing**
- **Food**
- **Transportation**
- **Medical services**
- **Financial services**
- **Job training**
- **Legal support**

During times of need, it can be overwhelming to figure out where to start. Community Connect makes it easier to find support when it is needed most. For more information regarding **Temple Health Community Connect** or for assistance accessing the site please reach out to your Local 286 Nurse Carol at 267-940-8435
